LOTUS EMIRA 3.5L V6 SUPERCHARGED	2022 AND LATER

NOTES	Insert

TECHNICAL INFORMATION

NOTES	Insert

1. Remove the wheel to gain access.
2. The new loom plugs directly into an existing connector in the rear right-hand wheel arch, behind the wheel arch liner.

3. 
Cable tie the loom to keep it compact and secure.

4. 
Run the Module cable up vertically, there is a small cavity in which the module can be safely stowed and stuck down. Use cable ties to secure the cable.
